RESPONSE TO RESTRICTION REQUIREMENT

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the Restriction Requirement mailed March 23, 2006, Applicants hereby elect Group VI, Claims 25, 28 and 30-35. This election is made with traverse.

It is respectfully submitted that the subject matter of all claims 1-37 is sufficiently related that a thorough search for the subject matter of any one group of claims would necessarily encompass a search for the subject matter of the remaining claims. For example, Applicants respectfully assert that Group IV (claims 22-23), Group VII (claims 26-28), and claim 29 should be included with hereby elected Group IV.

Furthermore, it is respectfully submitted that the search and examination of the entire application could be performed without serious burden. MPEP §803 states that if the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to distinct or independent inventions.

Application No. 10/666,240
Reply to Office Action of March 23, 2006

It is respectfully submitted that this policy should apply in the present application in order to avoid unnecessary delay and expense to Applicants and duplicative examination by the Patent Office.

The Examiner is respectfully requested to reconsider and withdraw the Restriction Requirement and to examine all claims in this application.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
